PERSONAL PROJECTS

My Portfolio (11/2018) ↗
- My first attempt at a portfolio during coding bootcamp. Proud that I figured out the 'Parallax Effect' within my first month of coding.

Slowfood Challenge (11/2018) ↗
- A challenge in which I was to create a web app for a fictional food delivery service. I chose a Simpsons theme for this challenge. Created using Ruby on Rails and Haml.
